

Service Spring announces first service center

In October, Service Spring announced the recent addition of a service center in Orlando, Fla., its first in the nation. The company also has manufacturing facilities in Maumee, Ohio, and Visalia, Calif.

The new location holds hundreds of in-stock springs, select custom springs, and standard replacement parts available for same-day pickup, same-day shipping, or one-day delivery. The distribution center is located at 7550 Exchange Drive. ■

National Door expands manufacturing facilities

In November, National Door Industries announced that it had expanded its manufacturing facilities, added capabilities, and increased efficiencies with a capital expenditure of more than \$4 million. The expansion has enabled the company to keep up with increased demand and provide customers with state-of-the-art products.

Over the first six months of 2016, National Door underwent a major revitalization of its 150,000-sq.-ft. manufacturing facility in Fort Worth, Texas, including the installation of five Engel injection-molding machines to provide additional capacity and capability.

The improvements include a reconfiguration of warehouse storage facilities to allow more manufacturing space, an automated paint line, CNC milling and dispensing systems, multi-spindle drilling machines, and additional molding equipment.

A family-owned business, National Door currently has 87 employees. ■

Overhead doors featured on “Home Free”

In July and August, six doors from Overhead Door were featured in five episodes of “Home Free” on the Fox network. Three Courtyard Collection doors and three Custom Wood doors were featured on the show.

The show features professional contractor Mike Holmes and former NFL player Tim Tebow, who motivate contestants to build a new home. Each contestant’s skill levels, will, and strategy are considered in the judging. The top contestant wins a dream home for their personal hero and \$100,000.

Overhead Door Company of Atlanta provided the doors and assisted with installation. ■

Clopay ranks first in builder study

Clopay is the best-selling garage door brand among builders of single-family detached homes nationwide, according to the 2016 Brand Usage Study conducted by Professional Builder Insight in partnership with Home Innovation Research Labs.

Of the more than 1.1 million garage doors installed in new homes built in 2015, Clopay was the category leader in total single-family detached homes. Clopay was the market leader for starter and luxury homes.

Single-family detached homes were also analyzed by builder size: small (1-10 homes/year), medium (11-50), and large (50+). Clopay was number one in all three categories. ■

Clopay sponsors HGTV Urban Oasis Giveaway

In October, Clopay was the garage door and entry door sponsor of the HGTV Urban Oasis Giveaway 2016, when a renovated 1920s bungalow was revealed during a primetime television special.

Fans could enter for a chance to win the renovated Ann Arbor home from Oct. 4 through Nov. 22, 2016. Last year, HGTV received over 43 million entries.

A Canyon Ridge Collection faux wood carriage house garage

door and a Craftsman Collection fiberglass entry door were selected for the home. Clopay dealer Quality Overhead Door in Toledo, Ohio, managed the garage and entry door installation.

Clopay has collaborated with HGTV for a number of years by supplying garage doors for its popular home renovation programs, but this is the first major HGTV home giveaway the garage door manufacturer has sponsored. ■

Haas Door to exhibit at 2017 IBS

In January, Haas Door will exhibit for the first time at the 2017 International Builders' Show in Orlando. The company will display their Made in America garage doors in booth S1078.

Exhibited products include the 2"-thick American Traditions Series garage doors, featuring a new charcoal color and models that have received Miami-Dade County's Notice of Acceptance for meeting hurricane zone requirements. ■

Clopay announces makeover contest winner

Clopay selected a Reading, Pa., garage door makeover as the first winner in its imagineNation Makeover Contest. The homeowner will receive \$1,000, and the installing dealer, County Garage Door Company of Southeast Pennsylvania, wins \$250.

Clopay launched the imagineNation Makeover Contest in June. Homeowners who have replaced their garage doors or entry doors can submit before and after photos for a chance to win \$1,000.

A winning makeover is selected each month through the end of the year. Clopay dealers are automatically eligible to win \$250 if their customer's home wins. The contest runs until Dec. 31, 2016. ■

Delden hosts customer and employee appreciation day

In October, dealers from the Midwest attended Delden Manufacturing's Customer and Employee Appreciation Day, held every two years. Guests were treated to door prizes, burgers, hot dogs, and more.

The event is an opportunity to feature products and designs offered by Delden, including Amarr/Entrematic, Haas Door, Fimbel ADS, Goff's Enterprises, C.H.I., LiftMaster, and Delden's own Your Home Your Design garage door collections. ■

Service Spring launches Flight Challenge to honor veterans

In August, Service Spring held a paper airplane Flight Challenge for its employees to benefit the Honor Flight Network, a nonprofit organization that flies American veterans to the war memorials in Washington, D.C.

"All veterans should know how thankful we are for their service. As an industry, I think this a fun, innovative way to support our veterans," said Mike McAlear, CEO.

During the Flight Challenge, 39 employees participated and sent 261 planes into flight, raising enough money to send four veterans to Washington D.C. In 2015, the Honor Flight Network flew 20,000 veterans to Washington, D.C.; 22,000 others are waiting to fly. ■

Delden holds ugly sweater garage door contest

In December, Delden Garage Doors held its second annual Ugly Sweater Garage Door Contest. Each entrant was to create an ugly sweater for their garage door and post a photo of it on Delden Garage Doors' Facebook page. The photo with the most 'likes' would win a LiftMaster 8550W Elite Series operator.

The winner was to be announced December 19. The contest was open to entries from the continental United States. ■

Re-Source announces anniversary prizewinners

From left: Larry Coney of Coney Door, Cassidy Bowen and Doug Kidd of Re-Source

On Sept. 16, Re-Source Industries celebrated its 15th anniversary with a celebration lunch and giveaways for staff and customers. The grand prize, a \$2,500 cruise for two, was won by Coney Garage Door of Conway, Ark.

Winning a \$500 Yeti prize package as first runner-up was Cosco Door of Oklahoma City, and the second runner-up (\$250 Yeti prize package) was won by Bayou Overhead Door of West Monroe, La.

Also, in hourly giveaways, 10 local customers won items ranging from winding bars to work gloves to a case of spray lube. ■

BD Loops celebrates 15 years

In 2016, BD Loops marked its 15th anniversary. Since 2001, BD Loops has grown from a small father-and-son operation to become the largest supplier of preformed loops to the door and gate industries. More than 50,000 of the company's preformed saw-cut loops have been installed. ■

Wayne Dalton releases new Design Center

In August, Wayne Dalton released its new Garage Door Design Center on wayne-dalton.com, allowing customers to customize a garage door to fit their home.

The new online service allows customers to build a door, customizing it with panel designs, door size, color, windows, glass, and decorative hardware. Customers can print or email their designs or share them on social media. ■

Raynor updates Architect Design Manual app

In November, Raynor announced an update to its Architect Design Manual app. The update adds the RapidCoil High Performance Door line, the new Aspen Series Residential Sectional line, and the ability to explore Raynor and Richards-Wilcox product lines.

The user-friendly app features commercial, residential, and rolling door literature along with commercial specs and dimensions. ■

Airlift Doors adds engineering forms and video

In November, Airlift Doors announced that its website now includes revised door engineering forms along with a video tutorial and detailed instructions on how to submit the correct critical measurements necessary for ordering a door.

These tools help prevent any issues when it comes time to install the door. Whether there are obstructions on the ceiling or not enough headroom over the door, this new form and video will simplify the information needed. ■

Hörmann adds BIM objects to website

In November, Hörmann High Performance Doors announced that it has now added BIM objects to its website for its fabric and rigid high-speed doors. The data-rich content is available at no charge for customers working with Autodesk Revit projects.

Hörmann graphics come in many levels of detail, ensuring that the data are useful for any stage of the project. ■
