

## National Door Adds Chuck Blume

In November, National Door Industries announced that Chuck Blume has been named director of engineering/operations. In this leadership role, Blume will direct

Blume

new product development and enhancements to existing products, develop product cost, and streamline operations using lean manufacturing techniques.

Blume brings 15 years of garage door industry experience, including serving as director of operations and engineering manager for Overhead Door.

He also worked in engineering for Victor Equipment and Boeing Aerospace.

He holds Master of Science and Bachelor of Science degrees in engineering management from Missouri University of Science and Technology. ■

## Albany's Moulton Promoted to VP

In October, Albany Door Systems announced the promotion of Rob Moulton to vice president of national accounts.

In this new role, he will focus on developing and implementing initiatives to expand national accounts efforts. Moulton has more than 20 years of leadership and sales experience in the industry. The company says Moulton has demonstrated strategic insight, relationship-building skills, and a passion for the company's products.

Albany makes high-speed and high performance industrial doors. ■
